

**Safe, Smart and Healthy – Keys to Success in Your New Home**  
**Medical Care and Health Insurance - 1**

**ENGLISH**

Three refugee families adjust to living in the United States. They each learn about the medical system in this country and what they need to do to get the medical care they need

Mrs. Li has learned about Primary Care. Primary Care is when you make an appointment to go to the doctor's office because you are not feeling well, or to get a checkup.

Mrs. Li takes her young daughter to the doctor for a checkup. She is in very good health.

Mr. Adam is not feeling well and would like to see a doctor right away. The office of the doctor where he usually goes is not open on the weekend or at night.

He goes to **Urgent Care**. The Urgent Care office is open and can see him without an appointment. Mr. Adam has an ear infection. He must take medicine and follow the directions exactly.

Mrs. Ba has cut her hand badly while cooking. It looks like a severe cut. Her husband wraps her hand in a towel and drives her to the hospital emergency room.
