

## Watches and Warnings

A storm **watch** means a storm is possible in your area. When a watch is issued, listen to local radio and TV stations for additional information or visit [www.weather.gov](http://www.weather.gov).

Be alert to changing weather conditions and avoid unnecessary travel.

A storm **warning** means a storm is headed for or is already in your area. When a storm warning is issued, safety experts recommend that you stay indoors; it's the best place to protect yourself.

Do not assume there is no emergency because skies are clear.

Remember: A storm warning means a storm is headed for or is in your area.
